CHURCH AFFAIRS.

—The Southern Baptist women have agreed to observe the week March 10-17 as the week of self-denial in the interest of home missions.

—A California Baptist preacher has been deposed from the church and ministry for teaching that Christ was born of two human parents.

—The Southern Methodists at Louisville are preparing for the celebration of their jubilee. The church was first organized there 50 years ago, May 1, next. —We are in receipt of the following: Mr. Henry R. Mills returned Saturday from a missionary tour through the Southern part of the State. The Lord greatly blessed his work with many souls.

—Rev. John V. Loving, who has been pastor at Ghent for several years, has resigned and Sunday preached his first sermon for the church at Campbellsville, to which he accepted a call.

—Rev. H. N. Faulconer, of Danville, was on Friday's train returning from Barbourville, where he had just closed a meeting, which resulted in 21 additions to the Presbyterian church. Mr. Faulconer's meetings must not be mixed up with the sanctification business, in which he takes no stock.

—Rev. W. J. Holtzclaw, a native of this county, but now pastor of a Baptist church at Owensboro, has been requested by his deacons to resign because of his sensational preaching. Mr. Holtzclaw has long been a Sam Jones imitator in a small way. He tried that kind of business on the Junction City church several years ago and was called down.

—The Middleboro News says that the sanctification meetings will result in vastly more harm than good to the cause of true religion in that city. Every night the church is filled with young people who go out of mere curiosity and who regard the peculiar actions of some of the prominent leaders of the meetings as rare sport. When the sanctified (?) ones laugh and shout and jump up and down right in meeting, it is but natural that the unconverted should laugh and ridicule and scorn. These meetings have thus far produced nothing but feelings of disgust except among the few who have been sanctified and hence are in a realm by themselves.

—The man who talks about a double standard for our money simply talks through his hat—there can be no such thing. If one is a standard the other can't be. It would be just as sensible to talk about a double standard foot—one of 12 inches and one of 10 inches, as to talk about a double standard for a dollar. One will necessarily be preferred to the other, and the moment that becomes the case the one so preferred will become the standard and the other will be valued by that one. —Hopkinsville News Era.

"All is over between us," said the young man that had found a richer girl and was trying to take leave of his old love. "You are mistaken," she replied. "All is not over. In fact, my breach of promise suit has not yet begun." He postponed the transfer of his affections.

To be outwitted by a woman is no discredit to Lawyer or Congressional Claimant Denny. That sort of thing has been going on since Adam and Eve were only a few days old. Woman is woman; virgin, a man-trap. Politics is George Denny's stronghold, and Bill Owens his soft snap. —Louisville Times.

—Father (impressively): "Suppose I should be taken suddenly away, what would become of you, my boy?" Irreverent son: "I'd stay here. The question is, what would become of you?" —Westchester Critic.

Dentist—Will you have gas? Ole Si Tuttle—Wal, I s'wore! We don't know much about gas 't hum. I guess you'd better give me kerosene. —Judge.

This lovely item is from the women's number of the Lexington Press-Transcript: Miss Myrtle Smith called at the sanctum yesterday and left a wad of paper gum under our desk lid. Call again, Myrtle.

'Tis an old maxim in the schools, That flattery's the food of fools, Yet now and then your men of wit, Will condescend to take a bit. —Jonathan Swift.

A fashionable dress designer in the West End, of London, is computed to make on an average between \$25,000 and \$30,000 a year.

—The largest sum ever asked for a single diamond was \$2,450,000, which the Prince of Hyderabad, India, paid for the "Imperial."

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such a relief, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at A. R. Penny's Drug Store. Regular size 50c and \$1.

OF A LOCAL NATURE.

—Harrodsburg has a surplus of \$3,300 in the treasury and more than \$6,000 of taxes for 1894 unpaid.

—Davis and Taylor, charged with the brutal murder of Lem Hamacker at Barbourville, were held for trial without bail.

—Robert Davis, a farmer of Stone, Garrard county, was chopping wood, and a stick striking him in the eye, knocked it out.

—Miss Ada Slaughter, who was killed at Nashville in a runaway accident, was a niece of Mr. B. W. Gaine, of this county.

—Hon. H. K. Hay has announced his candidacy for re-election to represent Boyle county in the Legislature. He is for Gov. McCreary for U. S. Senator.

—Mr. B. Chancellor received a dispatch last week stating that his father, Rev. Melzi Chancellor, of Fredericksburg, Va., had died suddenly. He was 80-odd years old.

—They are still saying some mighty rough things about Mercer county. For instance the Courier Journal's Harrodsburg correspondent asserts that the Vandersall jury was made up of some of Mercer county's best citizens—Hopkinsville Kentuckian.

—Craig Gregg, the ex-convict, who recently escaped with some others from the Manchester jail, has been captured at Somerset. Gregg is a bad man, and when the court there passes on his case he will be sent to Frankfort to again join his three brothers, who are now serving sentences in the State penitentiary.

—Night Policeman Harvey French shot and probably fatally wounded Lee Barbour, a drunken negro at 11 o'clock Saturday night. Barbour and another negro, Jim Baughman, were creating a disturbance at a negro dance and French and Barbour hit him in the face with a brick, when French fired. French summoned the other negroes present to aid him in making the arrest, but all refused to do so.

—California is more than one-third larger than Italy, including Sicily, and is more than three-fourths the size of France or Germany. It is 16 times as large as the Kingdom of Belgium. But Belgium has more than four times as many people as are in California. The California people claim that their State could support 20,000,000 people with the resources of its own soil.

—The ice in the Susquehanna river formed a solid gorge at Fort Deposit Sunday and the people were compelled to flee to the hills for their lives. The river rose six feet in a short while and the water was several feet deep in the streets.

—Sheriff Armstrong and his deputies at Frankfort never having had any experience in hanging tossed up pennies on the "head or tail" plan as to who should spring the trap for Murderer McGee.

—A local insurance company, with a capital of \$400,000 is to be organized at Lexington as a result of the fight against increased rates.

The Daily Capital, published at Frankfort, has grown to be a most valuable newspaper to the people of Kentucky. It publishes every day much reliable and interesting information concerning State affairs that can not be found in any other paper, such as abstracts of all the Court of Appeals decisions next day after delivery, rulings of the various Departments on all questions affecting County and City Officers and their fees, rights, etc., and political and official gossip that is always readable. The subscription price is only five dollars per year. Send for sample copies. Address Capital Printing Co., Frankfort, Ky.

NOT IN THE FAMILY.—He loved her. True his income was only 15 per cent. But he loved her, and he would ask her to be his.

She was speaking now, however, and it is impolite to interrupt.

"Yes," she was saying. "My mother had 23 children."

He clutched convulsively at his chair.

"Under her care when she was teacher at Dry Forks School."

Then his heart resumed operations and shortly afterwards she lisped a happy "Yes."

For one brief moment the young man had thought she meant—

It May Do as Much for You.

Mr. Fred Miller of Irving, Ill., writes that he had a Severe Kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called Kidney cures but without any good result. About a year ago he began use of Electric Bitters and adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c, for large bottles. At A. R. Penny's Drug Store.

Cariton Cornwell, foreman of the Gazette, Middletown, N. J., believes that Chamberlain's Cough Remedy is the best remedy for coughs, colds, croup, whooping cough, and all other ailments of the throat and lungs. It is a cold and it effected a speedy cure. —Col. G. S. Myers, the St. Louis millionaire, has leased 1,900 acres of land in Madison county, Tenn., and will establish the largest quail reserve in the United States. He will buy out other property in the same community, and will also give special attention to raising the Mongolian pheasant, a larger bird and brighter plumage than the native quail.

—Messrs. J. H. Otter and A. I. Caldwell have circulated a petition praying the city council to repeal the county court stock ordinance, and it is safe to say that the stock sales henceforth will be held on Main street without interruption, as the petition was signed by every man, except four, that was approached upon the subject. The very men who had asked for the passage of the law—or nearly every one of them—had a foot race, figuratively speaking, to get to sign the petition. —Advocate.

COLORADO WEDDING.—Miss Alice Carr asks the publication of the following:

Mrs. Nora N. Caldwell, sister of Anderson Carr, was married to Mr. Green Stevens, of Louisville, Feb. 24. She is well known to the Stanford people and stands among the best of colored people in the place. She had gone to Louisville to school and is only 18, while Mr. Stevens is 19. His father died not long since and left him in good standing. He is a business young man and it is hoped they will do well.

—Thirteen men, who had been deported from Hawaii for making themselves obnoxious to the Government, arrived at San Francisco.

A Quarter Century Test.

For a quarter of a century Dr. King's New Discovery has been tested and the millions who have received benefit from its use testify to its wonderful curative powers in all diseases of the Throat, Chest and Lungs. A remedy that has stood the test so long and that has given so universal satisfaction is no experiment. Each bottle is positively guaranteed to give relief or the money will be refunded. It is admitted to be the most reliable for Coughs and Colds. Free trial bottles at A. R. Penny's drug store. Large size 50c and \$1.

Mr. J. A. Scriven, a prominent manufacturer of 18 East 14th street, New York City, purchased a bottle of Chamberlain's Cough Remedy from druggist H. H. Lane, Peekskill, N. Y. Such good results followed its use that he sent back to Mr. Lane for two bottles more of the same remedy, who gave him this medicine a trial and seldom satisfied with any other when in need of such a preparation. It is unequalled for coughs and colds. For sale by Dr. S. G. Hocker, druggist, Stanford, Ky.

LANCASTER, GARRARD COUNTY.

—Mrs. Borders, of Crab Orchard, has purchased the Phillips property on York street.

—The residence of Mr. Tram Conn, near town, was destroyed by fire Sunday morning while the family were attending church.

—Mrs. Ellen Owsley has returned from a visit to relatives at Hot Springs, N. C. Mrs. Benjamin Letcher, of Henderson, is visiting the family of Mr. W. B. Mason.

—The young lady who came here last week to teach a dancing school has shut up shop and left. The young folks have either gotten too good to dance or were afraid of the old folks.

—Circuit court will begin next Monday. The docket is exceedingly light. The most interesting case will be that against Henry Reddick charged with burning the Miller Hotel.

—Mr. David Best will continue to run the Mason Hotel, of which Mrs. Holmes had charge. "Uncle Dave" understands the business thoroughly and will keep the house up to its high reputation. His niece, Miss Carrie B. Woods, will assist in the management for the present.

—A discussion between a Presbyterian elder and two Methodist brethren, attracted quite a crowd in front of the post-office Saturday afternoon. Things are getting pretty warm over here. Of course these discussions are friendly and good natured, but the question of sanctification is about all one hears discussed.

—The Methodist meeting drew such a large crowd Sunday night, services were held in two houses, the sisters remaining at the Methodist and the brothers adjourning to the Baptist church, where Rev. Helm preached "to men only." Among other things he denounced cigarette smoking in particular and said he would rather a boy of his would drink whisky than smoke the poisonous things. The meeting continues to draw tremendous crowds, many coming in from the country to each service.

—The sponsors of the new silver party are said to have laid out a programme for a vigorous campaign. The new party is to run before it walks and is now in search of a candidate for president, whose duty it shall be to begin touring the country at once and make himself so conspicuous that one of the old parties will want to endorse him. Mr. Bland is said to have declined the honor, Don Cameron put it away, Teller doesn't want it and now Sibley is undergoing pressure.

—One hundred and four lives were lost and 85 people were seriously injured by the wreck on the Interoceanic railroad 25 miles from the City of Mexico Thursday. A train carrying 1,200 pilgrims was returning from the shrine at Sacromonte. The engine left the track at a sharp curve, carrying three coaches with it over a precipice.

—The latest information from Hawaii is that the president and cabinet have commuted to 35 years imprisonment at \$2,000 fine the death sentences of Wilcox, Seward, Rickard and Culick, the leading plotters in the so called rebellion. Queen Lil is fined \$5,000 and is to be imprisoned five years for the part she took in the rebellion.

—Mrs. Atkinson, wife of the Governor of Georgia, and daughter of ex-Gov. Milton, of Florida, is to be placed in an asylum. Her lunacy was caused by the opium habit and took the form of kleptomania. She would steal things from stores of little value intrinsically and none whatever to her.

—Mr. Peter Peany, of Tontogany, O., was found lying on the street at midnight with a bullet in her heart and her clothing on fire. Her husband, who was found asleep at home, was unaware of his wife's absence and could throw no light on the mystery.

—Mrs. Hannah Chard, of Glassboro, N. J., will celebrate her 107th birthday in a few days. She is active and has a wonderful memory. The old lady has been an inveterate smoker for years.

Prof. Billy Wilson, of West Virginia, is one of the best and ablest of America's public men, and there is no office in the gift of the president of the people too good for him or carrying with it any duty he is not able to discharge. He was licked by the dogs last fall, but for the next two years he will lick the stamps of a nation that can lick any other on the footstool. —Times

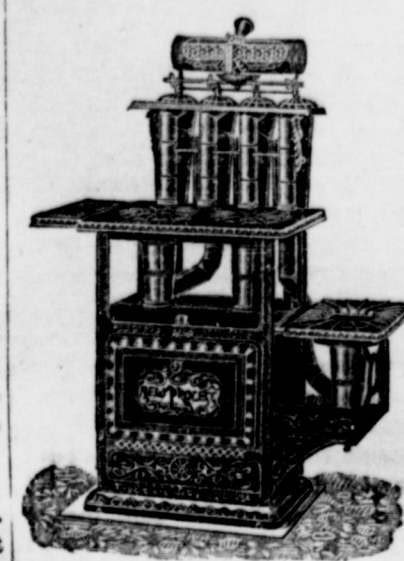

—A queer will was lately filed in Duval county, Florida. John M. O'Brien was the testator, and he wrote his will with a pencil on a part of the wall beside his bed. It was a board five feet long by one wide. The instrument read thus: "Mrs. Arnold—God bless her! shall have all I leave."

Microbes in the kiss, you say? Right you are my boy. Little gems of purest bliss, Bacilli of joy!

Doctor—You have only two days to live.

Isaacstein—O, Vader Abraham! Ant I shust hat golt fillings put in my tee! last week. —Town Topics.

FIVE REASONS WHY JAMES FRYE, HUSTONVILLE, KY.

Can Sell Goods Cheaper than Others.

I wish to thank my many friends and patrons for their very liberal patronage. I am now in position to sell goods cheaper than any of my competitors. 1. Because I have no rent to pay either for business house or dwelling. 2. I keep no high-priced clerks. 3. I have to pay no city tax for water and lights. 4. I pay cash for all of my goods and give the trade the benefit of the big discounts. 5. I will sell for cash, or 30 days only to responsible people, and will lose no bad debts, and need no extra clerk to itemize long accounts. These are my terms and I cannot change them under any circumstances. To convince one and all examine these prices.

GROCERIES.—Baker's Flour, \$1.50 per 100, best green Coffee 23 1/2c. Arbuckles 22 1/2c. Granulated Sugar 22 lbs for \$1, special prices in barrel lots, good green coffee 20c, black pepper 11c, raisins, figs and prunes 8 1/2c. Best corn and tomatoes 3 cans for 25c, and other bargains in the same line.

BOOTS AND SHOES.—Men's heavy boot \$2, former price \$3.50. A good one for \$2.25, heavy plow shoes 75c, the best one made for \$1.25. Men's flat shoes, lace and Congress, at \$1.25, \$1.50 and \$2 former price \$1.50, \$2.50 and \$3.50. Ladies' Kid, patent tip, \$1. A first class ladies' kid shoe on all different lasts at \$1.35, that other merchants are selling at \$2.

CLOTHING.—I will close out my present stock of clothing regardless of cost. I only mention a few to show how cheap they are. A good black wool cheviot suit for men at \$3.99. Heavy, all wool cassimere pants at \$2, in fact anything in stock at less money than you ever bought them. A good long overcoat for \$2. You must see the bargains I have to properly appreciate them.

DRY GOODS AND NOTIONS at such marvelous reductions that it seems almost impossible. I can only mention a few. All calicoes at 4 1/2c, including Indigos, blacks and mourning. Masonville and Lonsdale bleached cottons at 7c. All wool cassimere and Henriettas, 40 inches wide, at 35c. 4 spools of Clark's thread for 50c, and a thousand things I haven't space to mention. Goods were never sold so low as I will sell them. Remember my terms are CASH, or the limit to responsible people is 30 days. All accounts are now past due and those indebted to me will please settle at once. My spring samples of tailor-made clothing now on hand at greatly reduced prices. JAMES FRYE, Hustonville, Ky.

W. P. WALTON.

EITHER the judges who sit in the Owen circuit court are ignoramuses and do not know how to give a man a fair trial or the court of appeals is composed of the greatest hair splitters and sticklers for technicalities ever congregated. Four years ago Dr. J. L. Masie killed Jesse Honaker, according to every report, in the most cold blooded manner. Three times since has he faced a jury of his peers and three times has he heard the sentence for life passed upon him. Money, influence and sharp lawyers always succeed in removing mountains of doubt or perhaps to be more correct, in creating them, and each time the court of appeals has used its microscope and found technical grounds for a reversal, their last decision being promulgated Saturday. This is the kind of tampering with the law that brings it into contempt and makes mobs a necessity. If the court at Frankfort persists in this kind of business the only appeal will be to Judge Lynch, as deplorable as it is.

THE proceedings of the grave and se date Senate were enlivened the other night by a tilt between the waspish Chandler on one side and Senators Hill, of New York, and Martin, of Kansas, on the other. The row started over Chandler's criticism of Roach, of North Dakota. Hill called him a hyena and a buzzard and Martin said, if the half that was said of Chandler was true, he ought to be in the penitentiary, instead of the U. S. Senate. Many efforts were made to bring the belligerents to order, without avail, and an adjournment was finally resorted to. There will be no bloodshed over the affair. Northern people think it is a sufficient resentment to say when called a liar, "you're another," and they rarely call for personal satisfaction for insult, like their more hot-headed Southern brethren.

AFTER a show of virtue and swearing that it never consent, the House at the 11th hour Saturday, consented to the sugar bounty appropriation of the Senate by a vote of 134 to 125. Of course our Congressman, Gov. McCreary, voted against, but he and Montgomery were the only ones of the delegation to do so. Caruth, Berry, Breckinridge, Stone and Beckner went with the majority, while Adams and Goodnight were not present. The sugar lobbyist were as thick as thieves in Thibet and they presented the kind of argument that usually takes with statesmen out for the stuff.

SATURDAY'S Louisville Times was a regular bicycle edition, teeming from "end to end" with matter interesting to those who bestride wheels. The growth of the bicycle in this country is shown in the statement that it has been but 17 years since the first wheel was brought to this country from England. To day there are between two and three million wheels ridden in the United States and there are more than 100 factories, with an invested capital of \$75,000,000.

HON. JOHN H. WILSON, of Barbourville, who is attorney for Hopkins in his contest with Kendall for the seat in Congress from the 10th district, has just returned from Washington. He gives it as his opinion that Hopkins will be seated, and Mr. Wilson was in Congress long enough to know what the republican majority will do when it has the chance. Might is right in Reed Congresses.

LEXINGTON is as full of municipal sensations as an egg is of meat. The grand jury has indicted the mayor and council for violation of the charter and Mayor Duncan is to show down with reference to the purchase of a post house, concerning which there is a scandal. Everybody and everything seems to be rotten in the blue grass capital.

NEWSPAPER cuts of Count Casteline, or Caetor Oil, or whatever his name is, the Frenchman, who is to get \$2,000,000 for marrying Miss Anna Gould, show that he would be high priced at two for a quarter. A common, every day American would easily discount him for a husband and give him several in the game.

THE prohibitionists adopted a resolution to assess each member of the so called party \$1, to pay the "legitimate" expenses of the campaign. If it were a case of put up or shut up, there would be few votes cast for the cold water ticket next fall.

THE Shelys evidently regard public office not as a public trust, but a private snap. Collector Shelby who was appointed to fill out his father's term at Lexington, has appointed his brother chief deputy and will doubtless, if he can, fill all the offices with Shelys.

THE president is taking care of the statesmen out of jobs. He appointed, as indicated in our last, Hon. W. L. Wilson, of West Virginia, "Tariff Bill," to be postmaster-general in place of "Fatty" Bissell, resigned.

THIS sockdolager appears in the Pittsburgh, Pa., Post: The prohibitionists of Kentucky have nominated a State ticket. It includes every man in the State who belongs to the party, and two women.

Gov. KNOTT's promised reply to comments on his letter read in Congress with reference to the free coinage of silver, in which he declared that if the gold bugs succeeded in their designs, it would be "Good-bye earth; howdy hell," and a revolution would follow that would put to eternal shame that in France during the last century, appeared in Friday's Courier-Journal and was mighty interesting reading, so long as he dealt in his matchless powers of ridicule and sarcasm, but it was rather disappointing when he got down to the merits of the matter. His arguments are the regular ones kept in stock by the silver lunatics, who usually draw on their imagination for their facts and on their memory for their wit.

THE 53d Congress closed its record of incompetency and stupidity at noon yesterday and its members bled themselves home to meet their outraged constituents. A large majority of them will never see the Capital again and for that relief we give much thanks. Again the democrats find themselves unable to pass a law, as the legislative branch of the government will now be republican but as they passed those that they ought not to have passed and failed to pass those that they should have passed when they had a chance, they have only themselves to blame for a change.

By desecrating the Sabbath Congress was enabled to dispose of all the appropriation bills by 3:15 yesterday morning. Both bodies met at 2 o'clock Sunday afternoon and remained in session till the final adjournment at noon yesterday. The House stood pat on its refusal to endorse the Senate's Hawaiian cable job and that body had to recede. Of the body it can be truly said "nothing in life became it like the leaving of it."

THE Lexington Press-Transcript, which has always omitted a Monday's issue, began yesterday to act more metropolitan like and print a paper seven days in a week. As Monday's paper is made up solely by work done Sunday, the preachers over there will do the usual kicking act.

CONGRESSMAN CLARKE, of the 1st district, complains that he eats up the value of two barrels of flour every 24 hours he is in Washington. But what does it matter to him. He never got as much money for as little service as he will render in his life before.

THE 53d Congress is past and gone. It has our patience wrung, So let it to the earth return, Unwept, unhonored and unsung.

Two years more of Grover. Yesterday rounded up half of Mr. Cleveland's second term of office.

PHENOMINAL GROWTH.—The Knights of the Maccabees are increasing in numbers wonderfully fast. The net increase in this Order for 12 months was about 40,000 and the benefits distributed nearly \$1,000,000. From an official source we learn the present year is even more promising. As a fraternal beneficiary organization it stands second, having increased in numbers since 1881 from 700 to 178,000. The rate of insurance is exceedingly low and this accounts for the Order's rapid growth. The Stanford Tent is in a most flourishing condition, made up of the best citizens in the community, and is receiving petitions weekly for membership. He is now in Winchester, where he organizes a Tent next week. Two of the representatives of this paper are members of the Order. THE WEATHER IN RHYME.

Friday will be fair, the signal service said,
But it missed it, I declare,
For rain came down like a thousand of
brick,
And made mud everywhere.

The cold wave signal was ordered up
For Saturday morning last;
It came along with two inches of snow,
But it melted very fast.

Sunday was as bright as one could wish,
But mud and slush below
Kept folks from traveling much about,
And made them stay indoors.

Monday was all sorts of a day,
It rained, it snowed, it blew,
A regular March day every way,
With the cold flag flying, too.

"Fair and much colder Tuesday,"
The bureau would have us to know.
But somehow we never mind the weather,
Except when the wind starts to blow.

THE court of appeals reversed the de-
cision of the Boyle circuit court in the
case of Mitchell, who was allowed \$3,500
against the L. & N. The claim was for a
house that the companies' engines were
alleged to have set fire to.

THE Louisville Times cigar is being in-
troduced by the dealers here and ought
to be a good one if there's anything in a
name. If it is as clean of trash as its
namesake and as well filled with Hayan-
na as that paper is of news it is indeed a
daisy.

ED BROWN, colored, who was sent to

Pauper, which they will present some
time during next month.

MR. E. C. GAINES says he did not origi-
nate the story about his brother being
clubbed by a horse thief, but got it
straight as he thought, or he would not
have reported it. That being the case,
we take back what we said, and tender
Mr. Gaines assurances of our continued
and distinguished consideration.

THE grand jury was wrestling with the
question yesterday as to the safety of the
court-house and the result will likely be
another condemnation. Three times
have grand juries said it is dangerous
place for crowds to congregate, but noth-
ing has been done and people continue
to fill the house as if they had no fear of
the death that is promised.

MR. JOHN H. KIRBY, who was there,
tells us that the contract for building a
new jail and residence combined for Casey
county was let at Liberty Thursday
to the Pauly Iron Works, of St. Louis,
for \$8,200. The jail is to be of brick and
will contain four large cells and a
corridor. The residence portion will also
be of brick and will have five rooms. It
is to be completed by Sept. 1.

ONE of the sweetest weddings that has
occurred in colored circles for some time
was that of Lee Fisher and Miss Janie
Middleton at the Baptist church Thurs-
day night. Rev. Walter Lackey perform-
ed the ceremony and Miss Annie Lackey
and Joe Hayden were the attendants. A
reception at the bride's home followed
and the groom tells us that the presents
they received were numerous and use-
ful.

THE committee appointed to do so ad-
vertise that on the 8th day of April
county court day, they will sell county
bonds to the amount of \$5,000, payable
in 20 years, at 6 per cent.

IN the case of I. F. Steele, who was in-
dicted for bribery in election, the court
of appeals sustains the demurrer pre-
sented by Attorney R. C. Warren and
holds that the indictment is defective,
in that it does not state that the money
was paid to influence the voter against
his will, holding that it is not bribery to
pay a man to vote as he originally in-
tended.

SHORT.—George Rowsey, son of "Cage"
Rowsey, who was killed by Marshal
Frank Ellis several months ago, shot and
seriously wounded John Curles, an em-
ployee of the Wiborg-Hanna Co., at Jun-
ction City, Sunday night. The men had
been drinking together and had there-
fore been good friends. The ball took
effect in Curles' hip and ranged down-
ward. Rowsey was arrested and taken
to jail at Danville. He bore the distinc-
tion of being the only coward in the
Rowsey family.

CIRCUIT COURT.—After remaining out
from 3:40 p. m. Thursday till 11:30 a. m.
Friday, the jury in the case of Will Hale
charged with the murder of George Pen-
nington, returned a verdict for two years
in the penitentiary. Considering the
crime, the punishment is light and the
prisoner and his counsel are satisfied to
let well enough alone and will not ap-
peal.

Mrs. Pennington, mother of the mur-
dered boy, sat during the entire trial,
robed in garments of woe, and listened
to the testimony. The levity created by
the love letters must have grated heav-
ily on her heart, which seems to have
had more than its share of trouble. She
is a sister of the evangelist, J. G. Liv-
ingston, who was also present during the
trial.

A rule against the sheriff of Casey for
failing to summon witnesses in the case
of John Belden, shooting with intent to
kill, was issued and the trial continued
till next court. The L. & N. was fined
in two cases, \$50 each, for obstructing the
highway at Rowland. The city council
of Stanford was mulcted in the sum of
\$100 for permitting the St. Asaph to be-
come a nuisance and a disease breeding
stench, by failure to keep it clear of de-
caying matter. George Hunn was fined
\$1 and costs for failure to appear as wit-
ness and it scared him out of seven
years' growth. Adam Trice, negro, for
house-breaking, was acquitted. B. D.
Holtzclaw for trespass was let off with 1
cent and the costs. William Murphy for
maliciously shooting at a negro, was fined
\$50. Several persons were fined \$20
each for gambling, but as they will not
offend again, they shall be nameless here-
after. The Commonwealth is about through
with the old cases. The grand jury will,
however, give more work in that line.

The grand jury has returned 15 indict-
ments, mostly for minor offenses. The
whisky men as usual catch it in the
neck.

The damage suit for \$1,000 of Champ
Frances vs. W. H. Fonda was tried yester-
day, and on peremptory instructions
of Judge Sautley, the jury found for the
defendant. Frances claimed that Fonda
kicked and cuffed him when he refused
to leave his premises after being ordered
to do so.

The suit of J. B. Burk's administrator
vs. Mrs. Burnetta Helm was on trial at
adjournment last evening. It was on a
note for \$400 and the plea was non est
factum.

MATRIMONIAL MATTERS.

—Miss Anna Gould and Count Paul
Ernest Boniface De Costellane were mar-
ried at noon yesterday.

—Six young men of Taylorsville have
formed a pool of \$6,000, to be divided
among the three who are first to marry.

—John Haseock, a widower of 55, and
Mrs. Jane Clymer, a widow three years
his junior, were married at Ottenheim
Sunday.

—Mrs. Rebecca Adams, of Logansport,
Ind., aged 75, wants a divorce from her
husband, five years her senior. She al-
leges cruel treatment.

—In Javate the bride washes the groom's
feet as a token of subjection. In Hun-
gary at one time the groom gave the
bride a kick for the same purpose dur-
ing the wedding ceremony. In this
country the tokens of subjection are all
on the other side.

—Mr. John R. Brooks, formerly of
Crab Orchard, and a very excellent
young man, will marry Miss Annie
Grimes, of Harrodsburg, March 20.

—That New York Judge who declared
that the real honeymoon began 50 years
after marriage, of course reflected that
one of the parties, possibly both, would
be dead.

—Louis White, of Crab Orchard, and
Miss Mittie Ware, also of the East End,
obtained license yesterday and will be
married at Elder J. G. Livingston's to-
morrow.

—The Simonson divorce case at Louis-
ville has been settled out of court. Si-
monson keeps the children and Mrs. Si-
monson is given \$12,000 in satisfaction of
her claims.

—Dr. Morse, of Oklahoma, has filed
suit for divorce on the ground that his
wife pulled the bedclothes off his manly
form in winter and doused him with hot
water in summer.

—Jacob Kiser, J. P., of Gaston, N. C.,
has married 172 couples during his pres-
ent term of office, and feels like putting
another "e" in his last name after salu-
ting so many brides.

—Mr. Thos. Z. Morrow, Jr., slipped
away last Wednesday, "unbeknownst" to
his friends here, and returned Sunday
with Miss Mary B. Vance, of Piqua, O.,
as his bride, where they were married on
the 21st inst. Miss Vance is well-known
here, having visited at Mrs. Ad Catron's
last summer. They have rooms at the
Popplewell House.—Somerset Paragon.

—That Syracuse young woman who
rented a cottage and furnished it at an
expense of \$250, as a home to which to
bring her young man after she married
him, evidently belongs to the type of
the new woman. Any lingering doubt
would be dispelled by the fact that she
has sued the false swain, not for dam-
aged affections, but for the money she
laid out on furniture.

—Yeager & Cooper had one of their
best livery horses to die yesterday of
lung fever.

—All kinds of lumber, including fence-
ing, wagon stuff, &c., for sale by Joe
William, Jumbo.

In a tete-a-tete, a woman speaks in a
loud tone to the man she is indifferent to,
in a low tone to the man she is begin-
ning to love, and keeps silent with the
man she loves.—Rochebrune.

FOR SALE!

Having decided to go to farming I desire to sell
privately all of my property at Rowland, consist-
ing of a good, new dwelling of 5 rooms, supplied
with water from the Stanford Water Works. The
lot on which the house stands contains five-eighths
of an acre and lies just outside of the town limits
of Rowland. The out-houses are numerous and in
good repair. Also a new store room 20x30 located
in the forks of the Crab Orchard and "Cut Off"
pikes. A splendid stand for one desiring to en-
gage in the mercantile business. Also a vacant
lot on Shanks Ave. in Rowland. The above de-
scribed property cost me \$2,155, cash. I will sell
it for \$1,500—\$500 cash, balance in 6 and 12 months.
For further information call on or address,
J. H. HILTON, Rowland, Ky.

Dehorn Your Cattle.

I will go to any place where there are six or
more cattle to dehorn. I do the work with the
Lightning Dehorner. Can dehorn any cow in
three seconds. The knife makes a clean, smooth
cut, does not crush nor break the horn, as the
clipper does. It is the only humane way to de-
horn. Does not punish the animal like the saw,
and the wound gets well as quick again as that
made by the saw. For further information, call
on G. A. PEYTON, Stanford, Ky.
